

fiore

Designer:
Arconas

Playful. Youthful. Wonderful.

Celebrate flower power with this innovative, modular collage of ottomans designed for the young and the young at heart. With a raised central hub and five movable petals, Fiore is a safe, bright and inviting place for children to gather and play. Ideal for hospitals, doctors' offices, libraries and more, Fiore is a bouquet of brilliance that can be covered in any type of fabric, vinyl or leather.

Construction

- Structure built for high traffic areas.
- Free standing ottomans can be easily configured and reconfigured.
- Made from molded biofoam, ensuring durability, comfort and shape retention overtime.
- Environmentally friendly construction: CFC-free fire retardant HR Biofoam, low V.O.C. and formaldehyde free.
- Durable glides provide floor protection.

Upholstery

- Upholstery is easily removed and replaced.
- Upholstery options include: vinyl, faux leather, leather and woven textiles.

Model

- Centre ottoman 20"DIA x 17"H
- Petal 15"W x 21.5"L x 14.5"H

Applications

Fiore is an ideal indoor application for children's play areas, in book stores, pediatrics, doctor/dentist offices, libraries, schools, daycare centres, museums, galleries and transportation lounges.
