RENDEZVOUS | TOUCH DOWN SPACE

A planned meeting. An impromptu brainstorm. A board room discussion. Rendezvous—aptly named for its roots in coming together—proves abundantly functional, creating the ideal environment for gatherings of every kind. Conference tables are offered in multiple table shapes, sizes and finishes, including a novel faux-leather inset top that is anything but ordinary. To complement the tabletops, an extensive selection of base styles provide aesthetic versatility while at the same time facilitating power and data technology for requirements spanning from the minimal to substantial.

RENDEZVOUS | PRESENTATION ROOM

Emerging from a detailed study in minimalism, Rendezvous consists of simple, modern forms that lend themselves beautifully to a broad range of flexibility and style. The collection's wall units feature various components that can be specified in any combination to achieve the desired effect. Best of all, each arrangement can attain any overall dimension via an optional credenza box — a customizable storage piece that adds the right amount of width for a perfect fit every time. With finishing touches that include doors in horizontal wood veneer, back painted glass or frosted glass, and a vertical aluminum pull handle that doubles as an artful metal accent, this is one rendezvous not-to-be-missed.

PRODUCT SPECIFICATIONS

Conference Tables:

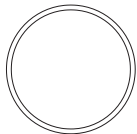

Conference tables manufactured in Maple, Walnut and rift cut White Oak wood species. Four top shapes available in all standard and custom veneer finishes as well as laminate selections. Replaceable inset upholstered top option offered in various materials including Write-Off™, an ink-resistant faux-leather upholstery. All tables presented with signature Rendezvous edge detail.

Conference Bases/Technology:

Four base styles available with wood or aluminum end caps as well as a choice of concave or convex profiles. Y-panel base features optional center panel. All table tops and bases support conference technology requirements including motorized Vault system. Table top access doors for through-the-surface technology options offered in various finishes. Select models available with hardwire or daisy chain ganging option. Custom placement configurations available.

Conference Accessories:

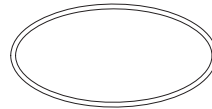

Wall units comprised of storage cabinets, hutches, towers, tech boxes and flat screen back panels. Custom width credenza box available for positioning between cabinets to maximize wall space. Additional conference accessories include credenza, buffet credenza, media board and mobile cart. All casegoods available with horizontal wood veneer finish, back painted glass or frosted glass door options and feature anodized aluminum vertical pull handle.
