

Strand series is the perfect blend of versatility, comfort and value. Strand was developed as a value added solution where quality and performance aren't compromised.

Strand offers a diverse product range to meet the seating needs for most every application in a healthcare setting. The metal tubular frame, and the high density Ultracell Foam ensure superior performance and extended product life cycle.

NEW | PRODUCT

FEATURES:

- All models are standard in oval metal tube frame. Available in Black (BLK), Tungsten (TUN), Platinum (PLT) and Toast (TOA).
- Armcaps are standard in Black (BLK) Self Skinned Urethane. Wood armcaps are also available in all Globalcare wood finishes.
- The seat and back are removable and field replaceable.
- Selected models are offered with casters on the rear legs. These casters allow for ease of movement in support of housekeeping efforts or repositioning seating within a space.
- Non marking glides suitable for hard surface floors including linoleum.
- All seating models are offered with wallsaver legs. Tables, ottomans and benches do not have wallsaver legs.
- Offering 18.5" and 20" seat heights on all seating and bench models to accommodate different users and body proportions.
- All seats are standard with High Density Ultracell foam.
- Active weight capacity for standard single seat is 350 lbs and 750 lbs for bariatric versions.

SUGGESTED APPLICATIONS:

- Patient Room
- Lounge areas
- Public spaces

AVAILABLE TEXTILES:

- Available in all GLOBALcare Crypton and Vinyl textiles. Please visit our website at www.thinkglobalcare.com in the Textiles & Finishes section for details.

Arms options:

Black Self Skinned Urethane armcap

Wood armcap

Frame Colours:

Black (BLK)

Toast (TOA)

Tungsten (TUN)

Platinum (PLT)

Casters:

To activate rear casters, tilt the chair back so the casters are in contact with the floor. This feature makes it easier to relocate the chair, while empty.

Wallsaver legs:

Wallsaver leg design to prevent back contact with the wall.
