Voi™
Laminate Desking

**DESKING THAT
GETS YOU**

Your Desk, Your Way

The people who work for your organization have a unified purpose. Shouldn't their desks have a unified look? Voi desking from The HON Company not only offers desks and storage solutions for every application—private offices, semi-private offices, open plan, benching, and more—it also presents an integrated design for the entire workplace.

Designed to meet the needs of any user, Voi's layered worksurfaces, practical storage components, versatile materials, and compact footprints can be personalized to achieve the right mix of functionality and style. Voi also meets your need for a solution that's easy to specify and intuitive to install. The line's efficient offering simplifies the whole purchasing process. And with HON-quality construction and top-grade laminate, you can trust that your investment will pay off for years to come.

B

Voi GETS YOU ACCESSIBLE

Semi-private Voi configurations use a single architectural wall for storage and power.

Voi GETS YOU MULTI-TASKING

It combines with Initiate® or Abound® workstations in offices with open floorplans.

Voï GETS YOU NOTICED

Image is as important as functionality in private office settings—and Voï delivers both.

Voï GETS YOU COLLABORATING

Benching stations bring teams together while providing plenty of personal storage.

Voï GETS YOU MOBILE

Smaller footprints make Voï the perfect touchdown station for on-the-go people.

THE WAYS WE WORK

Voï's selection of worksurface shapes and storage options come together cleverly to support the variety of work tasks people need to complete. Do you need to set the stage for collaboration? Establish the appropriate tone for meeting with clients? Use open space more efficiently? Voï makes it all possible—and more.

PRIVATE OFFICE
Inside four walls with a door, Voi strikes the right mix of professionalism and personality for executives and managers.

C

SEMI-PRIVATE
Whether they're used by one person or shared, Voi semi-private offices are perfect for workers whose desking needs can be met in smaller footprints. In these applications, Voi uses architectural walls for storage support and power access.

D

THE SPACES IN YOUR SPACE

Voi's integrated design unites a workplace, bringing a variety of spaces together with a consistent style. You can easily outfit your entire facility with Voi: private offices, semi-private offices, benching stations, and touchdown stations. And the same kit of parts and pieces that form desks in these applications are compatible with HON's Initiate or Abound workstations in open plan configurations.

E

OPEN PLAN
Voi desking partners with Abound and Initiate workstations to maximize space in open plan configurations. You can also leverage Initiate or Abound electrical components for a powered Voi solution.

F

BENCHING
Voi's privacy screens and wide range of storage solutions lend a sense of personal space to collaborative areas.

G

TOUCHDOWN
A simple Voi configuration supports visitors, customers, and others who need a short-term home base.

LOTS OF LOOKS

Voi's light scale and clean horizontal planes create a visual language that it carries throughout a workplace. The smart selection of top shapes, supports, storage components, materials, and color combinations gives Voi the flexibility to express the right image for your organization. Conventional to contemporary, Voi is just your style.

PLENTY OF PARTICULARS

Details? Voi's got them. These thoughtfully designed, practical touches mean a lot to people—and offer opportunities to further personalize their space.

HANDLES

Voi's sleek, functional design means the options you select—right down to the storage handles—help shape its style.

MIXED MATERIALS

Blend solid or patterned laminate worksurfaces with woodgrain laminate storage fronts and metal legs and trim for a contemporary mix of materials.

STORAGE CUBES

Brightly colored metal storage cubes help enhance organization and add a distinctive punch of personality to any space.

MODESTY PANELS

Modesty panels enhance seated privacy in Voi desks. They are available in full-height, half-height, or floating.

PRIVACY SCREENS

Privacy screens—either above the worksurface, or above and below—lend a sense of personal space to a collaborative setting.
