

A woman with long brown hair, wearing a black turtleneck and black trousers, is sitting on a modern wooden bench. The bench has a slatted top and black legs. She is looking back over her shoulder towards the camera. In the background, there is a large abstract painting with blue and white tones. The floor is made of light-colored tiles.

Balustrade Bench

Designed by Landscape Forms for high-profile projects, these classic wood benches have become standards. They bring the warmth and comfort of wood to a variety of environments, from university campuses to corporate courtyards, cultural institutions to retail malls. Landscape Forms wood benches are offered in a choice of styles to suit the setting, and in an array of select hardwoods and recycled timbers for indoor and outdoor applications.

Landscape Forms your environment

Since John Chipman, Sr. founded Landscape Forms in 1969, we have been guided by a few simple values. We believe in the power of design and its ability to influence and elevate the quality of public space. We make high quality products that last. And we deliver an outstanding customer experience. Those beliefs, along with our expertise in the development of public space, make us one of the world's premier designers and manufacturers of outdoor commercial furnishings.
