

 SitOnIt® Seating

Innovation. Style. Selection.™

## Style. Comfort. Affordability

For over 15 years, SitOnIt Seating has manufactured top-quality, mid-market ergonomic task, conference, executive and side seating. The company combines world-class design with a industry-leading reputation for speed-to-market, producing and shipping with 2, 5, and 10-day turnaround. Offering a broad selection of seating collections with traditional, transitional, and contemporary styling, SitOnIt Seating complements any environment. With the capability to customize products with our broad selection of options and accessories, SitOnIt Seating ships more than 600,000 customer-designed chairs annually.

## Focus™ Work

Focus offers a broad family of work, conference, and stool models that combine style, ergonomics, and style. Available in both mid- and high-back sizes with mesh, upholstered and plastic back options, Focus Work offers a wide range of sophisticated design choices. A sculpted back, enhanced synchro-tilt features, and waterfall seat combine to offer superior long-term comfort.

## Freelance™

An elegant, durable, and functional addition to any office environment, Freelance is a highly customizable multi-purpose line with a range of offerings including standard four-leg, sled, casters, bariatric, stool, and tablet applications. Available in fabric, leather and plastic, Freelance allows you mix-and-match to provide a consistent aesthetic while meeting a variety of needs.

## Sona™

Designed by Jorge Pensi, the innovative Sona breathes new life into the office chair category. Combining advanced performance and breath-taking style, Sona is a completely customizable solution with 3 control and 7 arm choices as well as a sleek pull-handle option. Offered with two knit patterns, a variety of colorways and finishes, it is visually stunning; a height-adjustable back and superior ergonomics provide supreme all-day comfort.

## Social™

Lightweight construction and contemporary style make Social the ideal casual seating solution for a full range of functions – from workstations to team rooms and offices to lobbies. Easy to move, attractive and comfortable, Social's ergonomic back offers firm support and its upholstered seat promotes good posture, encouraging its occupants to relax and stay a while.

## InFlex™

Designed by Giancarlo Piretti, InFlex combines state-of-the-art support, elegant styling, and surprising affordability to provide the ultimate go-to seating solution for a sophisticated look. InFlex's reclining capabilities offer unsurpassed comfort and natural back support, while a wide range of options - poly colors, frame finishes, textile choices, arms, casters – make it the perfect solution for any range of needs.

## OnCall™

Practical, stackable, comfortable and stylish, OnCall is the ultimate solution for any variety of environments. From meeting and training spaces, conferences rooms and break areas, to educational and lab environments, OnCall is ready to go wherever you need it. Available with or without arms and offered in a range of finishes, including poly, chrome, and a range of textiles, OnCall is ready to be the chair you need it to be.

## ReAlign™

Tailored lines and superior comfort put ReAlign in a class of its own. The perfect chair for any tasking environment, its multi-layer seat cushion provides all-day comfort while its sculpted back lends great ergonomic support. Available in over 300 textile options, ReAlign offers timeless styling and cost-effective pricing, making it a seating solution that will stand the test of time.

## Focus™ Executive

Offering the amazing benefits of Focus Work, with a higher level of finish and sophistication, Focus Executive brings a substantial look perfect for a conference setting or manager's office. Featuring high-back styling with tasteful aluminum accents, Focus Executive is available in mesh or upholstered back with superior support. Enhanced synchro-tilt functions provide optimal motion and comfort.

We Get Seating. We Get You.™

## Customization

SitOnIt's revolutionary approach to design puts you in the driver's seat allowing you to tailor each and every piece to your exacting needs. Start by selecting from one of our collections and from there, the sky is the limit. Choose different sizes, finishes, back styles, and explore a huge assortment of accessories and materials to make your SitOnIt chairs truly one-of-a-kind.

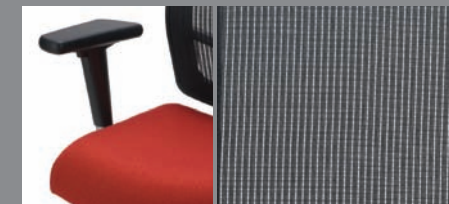

## World Class Design

Never before has sophisticated, elegant seating been so easy to order and quick to ship. Our elegant product collections have been developed by world-renowned designers like Giancarlo Piretti and Jorge Pensi and have been engineered to support the most innovative ergonomics and lean manufacturing processes. SitOnIt is committed to delivering first-class design at highly competitive pricing.

## Industry Leading Speed

SitOnIt offers the fastest delivery in the industry, offering 2, 5, and 10-day production with no limitations beyond fabric. At SitOnIt Seating, we manufacture up to 2,500 chairs a day — nearly 600,000 chairs a year. We do this using a process that combines the latest in lean manufacturing techniques with absolute attention to quality control, resulting in complete and on-time delivery.

## Finishes & Textile Offerings

As part of SitOnIt Seating's commitment to true customization, we offer a wide variety of finish and textile options, with over 400 standard fabric and leather options from some of the world's most respected textile manufacturers. Furthermore, we can easily work with customer-owned materials upon request to deliver tailored seating, produced exactly to your specifications.

## Sustainability

SitOnIt takes every opportunity to reduce, reuse, and recycle and ensures that our operations have no negative impact on the environment. We purchase components constructed using recycled materials and use non-toxic paints virtually free of all VOCs and ozone depleting substances allowing us to achieve GREENGUARD Certification across our entire family of seating products.

## Brand Specific Applications

Our highly-refined custom capabilities allow us to create unique brand-specific applications to offer exclusive furnishing options that reinforce your brand. From custom embroidery and printed logos, SitOnIt provides the tools to create a branded environment with a quick turn-around and affordable pricing.
