MEETING & TRAINING

“ Unique style, reconfiguration ability and mobility drew us to Conveyance. Space maximization is key, we can now use our conference room as a training and collaborative space. ”

devins™

Rapidly Reconfigurable Platform, Facilitating the Emerging Workstyle

1. Complete collection including companion pieces
2. Multitude of unique shapes and configurations
3. Durable welded construction with modern design
4. Effortless mobility
5. Table with nesting option
6. Meets modern AV requirements

Collaboration is the emerging workstyle, a continuous connection. Nevins Creative Team set out on a journey to create an office environment that would facilitate this new and emerging style. With this in mind, Tod Babick used Conveyance to design a unique configuration that facilitated effortless collaboration and meaningful work. (This Conveyance Configuration is currently in use by the Nevins Creative Team.)

materials summary

top: laminate
top finish: Wilsonart HPL Designer White D354-60
edge: PVC01 Frosty White
base finish: BC03 Satin Chrome

Configuration 1

Configuration 2

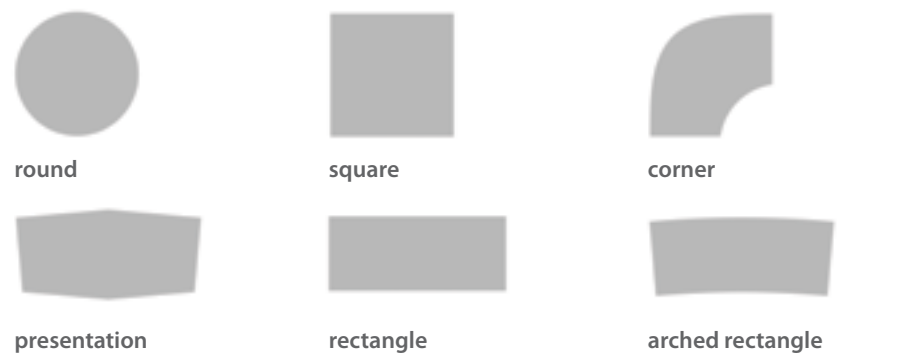

In today's rapidly changing world, multi-configurable platforms are essential. If you take Configuration 1 and move it around, you end up with a collaborative training environment. Add in a few carts and you achieve mobile technology support. Conveyance is designed to function as you do.
